Chrono'Sport
122 rue du faubourg Saint Jean
ZA de l'AVELON - 60000 BEAUVAIS -
FRANCE
00.33.3.44.02.64.64
00.33.3.44.02.87.10

Part n° :P62

FITTING INSTRUCTION

- 1 Remove the air filter housing and the piping with a philips head screwdriver.
- 2 Remove the indicators and the radiator grill, cut the radiator outline following the measurements of the bracket (1) and connect it to the air piping (2) with the clamp and the accessories. Replace the radiator grill and the indicators.

- 3 Clean the throttle box and put the Green filter (3) on this. With the connectors and the 2 small clamps put the Green filter on the oil vapor recycling. Connect the air piping to the Green filter (3) with the 2 clamps.

IMPORTANT:

The running of your engine is linked directly with the maintenance of the air filter. Clean your air filter every 7000 kms or 4500 miles with Green cleaning products..

WARRANTY:

The air filter guarantee is for defects in materials and workmanship only. Guarantee is void if the air filter is damaged by an accident, unreasonable use, neglect, misuse, abuse, improper installation or other causes not arising out of defects in materials and workmanship. The induction kit is a technical product so it is necessary to have some basic mechanical skills. If problems do not hesitate to have your induction kit fitted by a professional.
